RISK MANAGEMENT POLICY

Risk Management Policy is framed based on SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and under the provisions of the Companies Act, 2013 and rules made there under. The objective of Risk Management is to create and protect shareholder value by minimizing threats or losses, and identifying and maximizing opportunities.

The Board has to review the business plan at regular intervals and develop the Risk Management Strategy which shall encompass laying down guiding principles on proactive planning for identifying, analyzing and mitigating all the material risks, both external and internal viz. Environmental, Business, Operational, Financial and others. Communication of Risk Management Strategy to various levels of management for effective implementation is essential. Risk Identification is obligatory on all vertical and functional heads who with the inputs from their team members are required to report the material risks to the Chairman and Managing Director (CMD) along with their considered views and recommendations for risk mitigation.

CORPORATE SOCIAL RESPONSIBILITY POLICY

In pursuant to the provisions of section 135 and schedule VII of the Companies Act, 2013, CSR Committee of the Board of Directors was formed to recommend (a) the policy on Corporate Social Responsibility (CSR) and (b) implementation of the CSR Projects or Programs to be undertaken by the Company as per CSR Policy for consideration and approval by the Board of Directors. The Corporate Social Responsibility (CSR) Committee was constituted by our Directors vide their Board Meeting held on 30th May, 2014 as per Section 135 of the Companies Act and rules made there-under.

The CSR Committee consists of:

- 1. Mr. Inder Sharma - Chairman
- 2. Mrs. Sumati Sharma - Member
- 3. Mr. Rajiv Kumar - Member

REASON FOR NOT SPENDING:

The Company falls under the purview of CSR as its net worth was exceeding Rs. 500 crore in the Financial Year 2012-13, but the Company's profits were not enough to carry out the CSR activities. Since the last three financial years, the Financial Results of the company has recorded continuous financial strain thereby making negative profits.

Due to this, the company has not carried any CSR activities but it will make all possible efforts to work hard and make it possible to contribute itself to social cause.

Annexure III**POLICY ON APPOINTMENT & REMUNERATION OF DIRECTORS, KEY MANAGERIAL PERSONNEL & SENIOR EMPLOYEES****(Pursuant to Section 178(4) of the Companies Act, 2013 and Clause 49(IV) of the Listing Agreement)****BACKGROUND**

Nu Tek India Limited (hereinafter referred as the 'Company') practices a corporate culture that is based on the tenets of trusteeship, empowerment, accountability, control and ethical practices with transparency at its core for creation of maximum value for the stakeholders.

BRIEF OVERVIEW UNDER COMPANIES ACT 2013

{Section 178 & Companies [Meetings of Board and its Powers] Rules 2014}

- Constitution of the Nomination and Remuneration Committee consisting of three or more non-executive directors out of which not less than one-half shall be independent directors
- The Nomination and Remuneration Committee shall identify persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, recommend to the Board their appointment and removal and shall carry out evaluation of every director's performance.
- The Nomination and Remuneration Committee shall formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and senior management personnel i.e. employees at one level below the Board including functional heads.
- The Nomination and Remuneration Committee shall, while formulating the policy ensure that:—

REPORT ON CORPORATE GOVERNANCE

“Corporate governance is concerned with holding the balance between economic and social goals and between individual and communal goals. The governance framework is there to encourage the efficient use of resources and equally to require accountability for the stewardship of those resources. The aim is to align as nearly as possible the interests of individuals, corporations and society.”

-Sir Adrian Cadbury

I. THE COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE CODE

The Company has set itself the objective of expanding its capacities and becoming globally competitive in its business. As a part of its growth strategy, the Company believes in adopting the 'best practices' that are followed in the area of Corporate Governance across various geographies. The Company emphasizes the need for full transparency and accountability in all its transactions, in order to protect the interests of its stakeholders. At NU TEK, we feel proud to belong to a Company whose visionary founders laid the foundation stone for good governance long back and made it an integral principle of the business, as demonstrated in the words above.

Responsible corporate conduct is integral to the way we do our business. Our actions are governed by our values and principles, which are reinforced at all levels within the Company. At NU TEK, we are committed to doing things the right way which means taking business decisions and acting in a way that is ethical and is in compliance with applicable legislation. Our Code of Business Principles is an extension of our values and reflects our continued commitment to ethical business practices across our operations and inspires us to set standards which not only meet applicable legislation but go beyond in many areas of our functioning. We acknowledge our individual and collective responsibilities to manage our business activities with integrity.

To succeed, we believe, requires highest standards of corporate behavior towards everyone we work with, the communities we touch and the environment on which we have an impact. This is our road to consistent, competitive, profitable and responsible growth and creating long term value for our shareholders, our people and our business partners. The above principles have been the guiding force for whatever we do and shall continue to be so in the years to come.

In addition, the Company has a strong sense of participation in community development. Its established systems encourage and recognize employee participation in environmental and social initiatives that contribute to organizational sustainability, conservation of energy, and promotion of safety and health.

The Board of Directors ('the Board') is responsible for and committed to sound principles of Corporate Governance in the Company. The Board plays a crucial role in overseeing how the management serves the short and long term interests of shareholders and other stakeholders. This belief is reflected in our governance practices, under which we strive to maintain an effective, informed and independent Board. We keep our governance practices under continuous review and benchmark ourselves to best practices across the globe.

Management Discussion & Analysis Report
INDIAN ECONOMY

India's economic growth slowed to 6.1% in the fourth quarter ending March 2017, compared with 7.1% in the previous quarter, as the government's note ban decision slowed activity in cash-dependent sectors. Government data showed the gross domestic product grew 7.1% in the full financial year 2016-17, slower than 8% recorded in the previous year. After November's demonetisation drive, the government has come under criticism from opposition political parties and economists for putting a poke on India's growth story and triggering job cuts. The demonetisation seems to have impacted the GVA in the third as well as fourth quarter of 2016-17 which slipped to 6.7% and 5.6% respectively, from 7.3% and 8.7%.

INDIAN TELECOM INDUSTRY
CURRENT SCENARIO

India is currently the world's second-largest telecommunications market with a subscriber base of 1.05 billion and has registered strong growth in the past decade and half. The Indian mobile economy is growing rapidly and will contribute substantially to India's Gross Domestic Product (GDP), according to report prepared by GSM Association (GSMA) in collaboration with the Boston Consulting Group (BCG). The country is the fourth largest app economy in the world.

The liberal and reformist policies of the Government of India have been instrumental along with strong consumer demand in the rapid growth in the Indian telecom sector. The government has enabled easy market access to telecom equipment and a fair and proactive regulatory framework that has ensured availability of telecom services to consumer at affordable prices. The deregulation of Foreign Direct Investment (FDI) norms has made the sector one of the fastest growing and a top five employment opportunity generator in the country. The Indian telecom sector is expected to generate four million direct and indirect jobs over the next five years according to estimates by Randstad India. The employment opportunities are expected to be created due to combination of government's efforts to increase penetration in rural areas and the rapid increase in smartphone sales and rising internet usage. International Data Corporation (IDC) predicts India to overtake US as the second-largest smartphone market globally by 2017 and to maintain high growth rate over the next few years as people switch to smartphones and gradually upgrade to 4G.

Growth of Subscriber base

Growth in Tele-density

The overall Tele-density in India increased from 92.98 at the end of Mar-17 to 93.23 at the end of Apr-17.

The Urban Tele-density increased from 171.80 at the end of Mar-17 to 172.28 at the end of Apr-17, and the Rural Tele-density also increased from 56.91 at the end of Mar-17 to 57.02 at the end of Apr-17. The share of urban subscribers and rural subscribers in total number of telephone subscribers at the end of Apr-17 was 58.05% and 41.95% respectively.

The following table depicts the penetration of telecom services in rural & urban areas in the country:

Tele-density as of	Urban (%)	Rural (%)	Overall (%)
March 2017	171.80	56.91	92.98
April 2017	172.28	57.02	93.23

TELECOM INFRASTRUCTURE SERVICES

The Telecom infrastructure services are made up of three components:

The Telecom infrastructure services are made up of three components:

1. Passive infrastructure

Passive infrastructure includes all the passive components of the network: steel tower/antenna mounting structures, BTS room/shelter, power supply, battery bank, inverters, DG set for power backup, air conditioner, fire extinguisher, security cabin, among others. These components are not dependent on the type of communication technology being used by the network riding atop the site, namely LTE, GSM, CDMA, 3G, WiMax, FM Radio, digital terrestrial transmission, etc. We estimate that roughly two-third of capex for a wireless network is spent on passive infrastructure.

2. Active infrastructure

Active infrastructure constitutes the electronics that power the network and includes all the active components of a wireless network such as spectrum (radio frequency), radio antenna, BTS/cell site (base transceiver station) and microwave equipment. Each cellular operator will have to own a BTS at each tower site. A tower site can have 1/2/3/4 or more cell sites, depending on the occupancy level/tenancy ratio of that tower.

3. Transmission Media

Transmission Media is the network that connects the BTS/cell site to a base station controller (BSC) that controls tens or scores of BTS in a particular area. A transmission network may work on:

- Point-to-point microwave radio transmission
- Point-to-multipoint microwave access technologies like LMDS, WiFi or WiMax;
- Optical fiber links
- Digital Subscriber Line (DSL)
- Ethernet

OUR BUSINESS

We are a telecom infrastructure services company providing rollout solutions for wireless and fixed telecom networks. Our strength lies in the breadth of services we offer in the telecom infrastructure space. The business offerings include services in Turnkey Site Build, Active Equipment Implementations, Technical Support Services and Operations & Maintenance. We are also registered with Department of Telecommunication as Infrastructure Provider - Category I.

In Turnkey Site Build, we provide services right from the site identification and designing, to installation of towers and other ancillary passive equipments. This includes entire Project Planning and Management Services. In Active Equipment Implementations, we provide services like Installation, Commissioning and Integration of active telecom equipment for wireless, wire-line and optical technologies. In Technical Support Services, we provide services in high-end telecom engineering that includes Network planning, Transmission planning, Radio Network Optimization, Networks Benchmarking, and Network Auditing. We provide these services on activity/time basis. In Operations & Maintenance, we provide 24x7x365 maintenance services for passive telecom infrastructure (preventive and corrective maintenance on periodic contracts), and first-line maintenance of active infrastructure. We are also involved in creation of In-building Networks for the Wireless and Data Applications. The CDMA network on the underground section of the Delhi Metro Rail Corridor is one such example.

The client list constitutes all the prominent players in the telecom industry that includes Third Party Infrastructure Leasing Companies (like Indus Towers, Quippo, WTTIL), Telecom operators (like Airtel, Vodafone, Idea, Reliance Communications, Aircel), and Telecom Equipment Manufacturers (like Ericsson, Nokia Siemens Network, Huawei, ZTE, Motorola).

We have considerable expertise in rolling out projects in the most difficult of the terrains, both in India and Overseas. For our overseas clients, we provide services through Nu Tek India Ltd. and also through our subsidiary in Hong Kong, and cater to the growing needs of our clients in the Asia Pacific region and other Emerging Markets like Middle East and North Africa.

Business Performance

Financial and Operation Performance Overview

Financial Year 2016-17 was a favorable year for the company, wherein the income from operations increased by around 27.94% to reach Rs. 3,923 Lakhs as compared to Rs. 3,067 Lakhs during the last financial year. Other income for the year also decreased by Rs. 67 Lakhs, compared to Rs. 599 Lakhs in the previous year. Operational expenses for the year were Rs. 3,897 Lakhs as compared to Rs. 3,775 Lakhs in previous year. Exceptional items were nil.

As a result, PBDT (Profit before Tax and Depreciation) was Rs. 28 Lakhs as against Rs. (179) Lakhs for the previous year. Consequently, PAT (Profit after Tax) was reported at Rs. 186 Lakhs as compared to Loss of Rs. (170) lakhs in last year.

Business Review and Outlook

The Indian telecommunications sector has witnessed immense growth in the last two decades and has the second largest subscriber base and internet subscribers in the world. The growth of the Indian economy is closely linked to the rise of the telecommunications sector as key sectors in the economy are inextricably linked to mobile services as a fundamental requirement for business. The users have been empowered from mere passive consumers to active participants and have benefited from low tariffs, availability of affordable

smart phones and an evolving Information and communications technology infrastructure. Driven by strong adoption of data consumption on handheld devices, the total mobile services market revenue in India is expected to touch US\$ 37 billion in 2017, registering a Compound Annual Growth Rate (CAGR) of 5.2 per cent between 2014 and 2017, according to research firm IDC.

India will emerge as a leading player in the virtual world by having 700 million internet users of the 4.7 billion global users by 2025, as per a Microsoft report. Internet economy expected to touch Rs 10 trillion (US\$ 155 billion) by 2018, contributing around 5 per cent to the country's GDP. With the government's favourable regulation policies and 4G services hitting the market, the Indian telecommunication sector is expected to witness fast growth in the next few years. The Government of India also plans to auction the 5G spectrum in bands like 3,300 MHz and 3,400 MHz to promote initiatives like Internet of Things (IoT), machine-to-machine communications, instant high definition video transfer as well as its Smart Cities initiative.

SWOT Analysis

Strengths

- Existence for last 23 years in the Telecom industry. Having established relationship with almost all OEMs, Telecom operators, and Infrastructure Providers.
- Presence across the length and breadth of the Indian Telecom market. Experienced and skilled work force of around 1,200 people.
- Overseas presence (Central America, Africa,) to seize the business opportunities in these markets.

Weaknesses

- Longer Working Capital Cycle
- Client Concentration

Opportunities

- India will emerge as a leading player in the virtual world by having 700 million internet users of the 4.7 billion global users by 2025, as per a Microsoft report.
- All of the providers are keen to provide more content which provides great opportunity for content providers

Threats

- Our revenues are closely aligned to the Telecom Industry. Any adverse impact on the industry would directly affect our business.

Independent Auditor's Report

To the Members of Nu Tek India Limited

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of Nu Tek India Limited ('the Company'), which comprise the balance sheet as at March 31, 2017, the statement of profit and loss and the cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Nu Tek India Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an internal financial controls system over financial reporting and such internal financial controls over financial reporting needs to strengthen for operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Significant Accounting Policies

1.1 Basis of Accounting

The Company maintains its accounts on going concern basis following the historical cost convention as per the generally accepted accounting principles prevalent in India and on accrual method of accounting.

1.2 Basis for preparation of financial statements

The financial statements have been prepared under the historical cost convention, in accordance with Accounting Standards notified by the Central Government and the provisions of the Companies Act, 2013, as adopted consistently by the Company. All income and expenditure having a material bearing on the financial statements are recognized on accrual basis.

The preparation of financial statements in conformity with Accounting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of financial statements, and the reported amounts of revenues and expenses during the reporting period. Examples of such expenses include estimates of contract completion costs, provision for doubtful debts, useful lives of fixed assets etc. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

1.3 Revenue Recognition

Revenue from Sales/Services is accounted for as net of taxes and the principles of revenue recognition are given below:-

- Revenue from services rendered is recognized as the service is performed.
- Income from turnkey projects is recognized as a percentage and in proportion to work completion. However in cases of contracts where consideration is separately defined / identified for supply of goods/materials whose distinct identity remains even after project completion, revenue is recognized based on delivery at site to the customers.
- In case of fixed-price contracts, revenue is recognized based on the milestones achieved as specified in the contracts.
- Revenue from sales is recognized upon passing of title/ shipment/Installation of the products and on transfer of significant risk and rewards of ownership.
- Dividend income is recognized when the right to receive dividend is established.
- Interest is recognized on time proportion basis.

1.4 Fixed Assets

Fixed Assets are stated at cost of acquisition inclusive of freight, duties, taxes and expenses incidental to acquisition and installation till its present location.

1.5 Depreciation

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

1.6 Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of Fixed Assets, which take substantial period of time to get ready for its intended use, are capitalized until the time all substantial activities necessary to prepare such assets for their intended use are complete. Other borrowing costs are recognized as an expense in the year in which they are incurred.

1.7 Impairment

Accounting for impairment of Fixed Assets is done in accordance with the Accounting Standard 28 – “Impairment of Assets”. Accordingly, the carrying values of assets are reviewed at each reporting date to determine if there is indication of any impairment. If any indication exists, the assets’ recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Profit and Loss Account. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset’s carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss has been recognised.

1.8 Employee Benefits

- All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits in terms of Accounting Standard 15 (Revised)– “Employee Benefits”. Benefits such as salaries, wages and bonus etc., are recognised in the Profit and Loss Account in the period in which the employee renders the related service.
- Gratuity costs are defined benefits plans. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations.

Actuarial gains and losses are recognized immediately in the Profit and Loss Account.

- Benefits under the Companies leave encashment scheme constitute other long term employee benefits. The obligation in respect of leave encashment is provided on the basis on actuarial.
- Valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations.

Actuarial gains and losses are recognized immediately in the Profit and Loss Account

- The Company is contributing to the Employee Provident Fund maintained under the Employees Provident Fund Scheme by the Central Government.

1.9 Finance Lease

Accounting for Financial Lease is done in accordance with Accounting Standard 19 – “Leases”. The assets are included in fixed assets and the capital elements of the leasing commitments are shown as obligations under leases liability. The capital element is applied to reduce the outstanding obligations and the interest element is charged against profit in proportion to the reducing capital element outstanding. Depreciation on Assets held under finance leases has been provided on Written down Value Method as per rates prescribed by Schedule-II to the Companies Act, 2013.

1.10 Accounting for Investments

Investments are accounted for in accordance with the Accounting Standard 13 – “Accounting for Investments”. Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other Investments are classified as long term investments. Accordingly,

- The Long Term Investments are recorded at cost except where there is permanent diminution in its value.
- The Short Term Investments are recorded at Cost or Market Price whichever is lower. Unrealized loss arising due to the fall in market price is provided for in the accounts and any gain thereof is ignored.

1.11 Foreign Currency Transactions

Foreign Currency transactions are being recorded in accordance with Accounting Standard 11 “The Effects of changes in Foreign Exchange Rates”. Accordingly,

- Foreign currency transactions are accounted at the exchange rates prevailing on the date of the transactions. Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities not covered by the forward contracts are recognized in the Profit and Loss Account.
- Non-Monetary items denominated in foreign currency are stated at the rate prevailing on the date of the transaction.

1.12 Taxes on Income

Deferred Tax:

Deferred Tax Liability is provided pursuant to Accounting Standard – 22, “Accounting for Taxes on Income”. Deferred Tax Assets and Deferred Tax Liability are calculated by applying tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Deferred Tax Liability arising mainly on account of excess depreciation allowed under Income tax laws.

Deferred Tax Assets due to expenses disallowed under section 40(a) under tax laws and on account of other timing differences are recognized only to the extent there is reasonable certainty of its realization.

Deferred Tax Assets due to unabsorbed depreciation or carry forward of losses under tax laws is recognizes only to the extent that there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized.

Current Tax:

The provision for Taxation is based on estimated assessable total income of the Company as determined under the Income Tax Act 1961.

1.13 Provisions, Contingencies and Contingent Assets

Provisions, Contingencies and Contingent Assets are accounted for in accordance with Accounting Standard 29 – “Provisions, Contingent Liabilities & Contingent Assets”. Accordingly,

- A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.
- A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
- Contingent Assets are neither recognized, nor disclosed

1.14 Cash and cash equivalents

Cash and cash equivalents include cash in hand and cash on deposit with banks.

1.15 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Note 25 Disclosures under Accounting Standards (contd.)

Particulars

The company's operations relate to Telecom Infrastructure services and Trading of Telecom Equipments and commodities. Accordingly, revenues represented along industries served constitute the primary basis of the segmental information set out above. Revenues and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reportable segment have been allocated on the basis of associated revenues of the segment and manpower efforts. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses. Assets and Liabilities in the company's business are not identified to any of the reportable segments, as these are used interchangeably between segments. Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since the meaningful segregation of the available data is onerous.

Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2017, we have audited the internal financial controls over financial reporting of Nu Tek India Limited ("the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, has in all material respects, an internal financial controls system over financial reporting and such internal financial controls over financial reporting needs to strengthen for operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Significant Accounting Policies

1.1 Basis of Accounting

The Company maintains its accounts on going concern basis following the historical cost convention as per the generally accepted accounting principles prevalent in India and on accrual method of accounting.

1.2 Basis for preparation of financial statements

The financial statements have been prepared under the historical cost convention, in accordance with Accounting Standards notified by the Central Government and the provisions of the Companies Act, 2013, as adopted consistently by the Company. All income and expenditure having a material bearing on the financial statements are recognized on accrual basis.

The preparation of financial statements in conformity with Accounting Standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of financial statements, and the reported amounts of revenues and expenses during the reporting period. Examples of such expenses include estimates of contract completion costs, provision for doubtful debts, useful lives of fixed assets etc. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

1.3 Basis of Consolidation

The consolidated financial statements relate to Nu Tek India Limited (the Parent Company) and its subsidiary companies have been prepared in accordance with Accounting Standard 21 (AS-21) - "Consolidated Financial Statements" notified by the Central Government of India. The consolidated financial statements have been prepared on the following basis:

- The financial statements of the Parent and its subsidiary companies (together the "group") have been combined on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses after fully eliminating intra-group balances and unrealised profits or losses on intra-group transactions.
- The financial statements of the subsidiaries used in consolidation are drawn up to the same reporting date as that of the Parent Company i.e. year ended 31 March 2017.

The subsidiaries considered in the consolidated financial statements are:

S. No.	Name of the Subsidiaries	Date of Acquisition/ Incorporation	Proportion (%) of Shareholding as on 31 March 2016	Country of incorporation
1	NuTek (HK) Private Limited	8 August 2008	100%	Hong Kong
2	Ketun Energy Pvt Ltd	30th April 2008	100%	India
3	Nu Tek Europe SRO	19th May 2010	100%	Czech

1.4 Revenue Recognition

Revenue from Sales/Services is accounted for as net of taxes and the principles of revenue recognition are given below:-

- Revenue from services rendered is recognized as the service is performed.
- Income from turnkey projects is recognized as a percentage and in proportion to work completion. However in cases of contracts where consideration is separately defined / identified for supply of goods/materials whose distinct identity remains even after project completion, revenue is recognized based on delivery at site to the customers.
- In case of fixed-price contracts, revenue is recognized based on the milestones achieved as specified in the contracts.
- Revenue from sales is recognized upon passing of title/ shipment/Installation of the products and on transfer of significant risk and rewards of ownership.
- Dividend income is recognized when the right to receive dividend is established.
- Interest is recognized on time proportion basis.

1.5 Fixed Assets

Fixed Assets are stated at cost of acquisition inclusive of freight, duties, taxes and expenses incidental to acquisition and installation till its present location.

1.6 Depreciation

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

1.7 Borrowing Cost

Borrowing costs that are directly attributable to the acquisition or construction of Fixed Assets, which take substantial period of time to get ready for its intended use, are capitalized until the time all substantial activities necessary to prepare such assets for their intended use are complete. Other borrowing costs are recognized as an expense in the year in which they are incurred.

1.8 Impairment

Accounting for impairment of Fixed Assets is done in accordance with the Accounting Standard 28 – “Impairment of Assets”. Accordingly, the carrying values of assets are reviewed at each reporting date to determine if there is indication of any impairment. If any indication exists, the assets’ recoverable amount is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each reporting date. An impairment loss is recognised whenever the carrying amount of an asset or its cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Profit and Loss Account. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset’s carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss has been recognised.

1.9 Employee Benefits

- All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits in terms of Accounting Standard 15 (Revised)– “Employee Benefits”. Benefits such as salaries, wages and bonus etc., are recognised in the Profit and Loss Account in the period in which the employee renders the related service.
- Gratuity costs are defined benefits plans. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognized immediately in the Profit and Loss Account.
- Benefits under the Companies leave encashment scheme constitute other long term employee benefits. The obligation in respect of leave encashment is provided on the basis on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognized immediately in the Profit and Loss Account
- The Company is contributing to the Employee Provident Fund maintained under the Employees Provident Fund Scheme by the Central Government.

1.10 Finance Lease

Accounting for Financial Lease is done in accordance with Accounting Standard 19 – “Leases”. The assets are included in fixed assets and the capital elements of the leasing commitments are shown as obligations under leases liability. The capital element is applied to reduce the outstanding obligations and the interest element is charged against profit in proportion to the reducing capital element outstanding. Depreciation on Assets held under finance leases has been provided on Written down Value Method as per rates prescribed by Schedule-II to the Companies Act, 2013.

1.11 Accounting for Investments

Investments are accounted for in accordance with the Accounting Standard 13 – “Accounting for Investments”. Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other Investments are classified as long term investments. Accordingly,

- The Long Term Investments are recorded at cost except where there is permanent diminution in its value.
- The Short Term Investments are recorded at Cost or Market Price whichever is lower. Unrealized loss arising due to the fall in market price is provided for in the accounts and any gain thereof is ignored.

1.12 Foreign Currency Transactions

Foreign Currency transactions are being recorded in accordance with Accounting Standard 11 “The Effects of changes in Foreign Exchange Rates”. Accordingly,

- Foreign currency transactions are accounted at the exchange rates prevailing on the date of the transactions. Gains and losses, if any, at the year-end in respect of monetary assets and monetary liabilities not covered by the forward contracts are recognized in the Profit and Loss Account.
- Non-Monetary items denominated in foreign currency are stated at the rate prevailing on the date of the transaction.

1.13 Foreign Currency Translation

In respect of non-integral foreign operations, the translation to Indian Rupee for the purpose of consolidation is performed for Balance Sheet Accounts using the closing exchange rates in effect at the Balance Sheet date and for revenues and expense accounts average exchange rates for the respective periods. The gains or losses resulting from such translations are reported as a separate component of Reserves and Surplus under the head “Foreign Currency Translation Reserves”

The conversion of balances of branches of foreign subsidiary Nu Tek (HK) Pvt Ltd is made from their respective country currencies to USD. These branches balances after merging with Head office balances in USD are translated into INR. The foreign subsidiary Nu Tek (HK) Pvt Ltd in its books has converted its branches balances from their respective country currencies to HKD and converted head office balances from USD to HKD. Due to such translations there may be exchange difference due to difference in exchange rate taken by Nu Tek (HK) Pvt Ltd. The translation of balances of foreign subsidiary Nu Tek Europe SRO is from currency Euro to currency INR.

1.14 Taxes on Income

Deferred Tax:

Deferred Tax Liability is provided pursuant to Accounting Standard – 22, “Accounting for Taxes on Income”. Deferred Tax Assets and Deferred Tax Liability are calculated by applying tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Deferred Tax Liability arising mainly on account of excess depreciation allowed under Income tax laws.

Deferred Tax Assets due to expenses disallowed under section 40(a) under tax laws and on account of other timing differences are recognized only to the extent there is reasonable certainty of its realization.

Deferred Tax Assets due to unabsorbed depreciation or carry forward of losses under tax laws is recognizes only to the extent that there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized.

Current Tax:

The provision for Taxation is based on estimated assessable total income of the Company as determined under the Income Tax Act 1961.

1.15 Provisions, Contingencies and Contingent Assets

Provisions, Contingencies and Contingent Assets are accounted for in accordance with Accounting Standard 29 – “Provisions, Contingent Liabilities & Contingent Assets”. Accordingly,

- A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation.
- A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
- Contingent Assets are neither recognized, nor disclosed

1.16 Cash and cash equivalents

Cash and cash equivalents include cash in hand and cash on deposit with banks.

1.17 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income and expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Note 25 Segment Information

Particulars

The company's operations relate to Telecom Infrastructure services and Trading of Telecom Equipments and commodities. Accordingly, revenues represented along industries served constitute the primary basis of the segmental information set out above. Revenues and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reportable segment have been allocated on the basis of associated revenues of the segment and manpower efforts. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses. Assets and Liabilities in the company's business are not identified to any of the reportable segments, as these are used interchangeably between segments. Management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since the meaningful segregation of the available data is onerous.
