press release

Nu Tek India starts Operations in Africa

Wins Network Optimization Contract from NSN

New Delhi, June 15, 2011: Nu Tek India Limited [BSE: 533015 |NSE: NUTEK], a leading telecom infrastructure services provider, announced that it has commenced the commercial activities in the African region with the deployment of Technical resources /teams. These Technical resources /teams shall provide RF Drive Testing services and Network optimization services in Kenya, Uganda, Malawi and Madagascar. The company won this contract with Nokia Siemens Network, a Telecom Equipment Manufacturer with presence across the globe, in an e-auction. The company is further contemplating new works such as Technical services and Site audits in the same region. Nu Tek is also in talks with its customers for providing services in other countries like Mozambique, Congo B and DRC (Dominique Republic of Congo).

About NuTek:

Nu Tek (BSE- 533015 | NSE- NUTEK), is a Telecom infrastructure services provider offering Infrastructure rollout solutions for both mobile and fixed telecommunication networks. Their strength lies in the breadth of services they offer in the telecom infrastructure space. They offer services to Telecommunication Equipment Manufacturers, Telecom operators as well as third party infrastructure leasing companies in installing and maintaining Telecom Network Equipment & Infrastructure. In the process of creating a total solution, Nu Tek undertakes initial feasibility studies, prepare strategies, and undertake engineering, electronics, construction, installation, integration and maintenance of network components for their customers. They are also registered with Department of Telecommunication as Infrastructure Provider - Category I.
